The first step to bigger, faster improvement is to do what all top artists, athletes and rock stars do... practice the parts that make up the whole. You can easily achieve this by creating small isolated studies in your sketchbook. Studies that take 5-20 minutes.

How to Master the Art of Drawing & Painting | ArtTutor

The Drawing Club: Master the Art of Drawing Characters from Life is not one of those "how to draw books". The author wrote this for artists who can already draw and want to build on their skills. He does not specify the skill level but offers great direction for even the inspiring artist to be able to gain some great insight on how to translate life from 3d onto paper (2D).

The Drawing Club: Master the Art of Drawing Characters ...

Of all the elements of drawing, portraiture is one of the most difficult to master. Practice alone is not enough to create portraits that come alive. That is the core value of this course. It provides a strong foundation for the individual to begin to master the creation of portraits of substance. This is not a course for the lazy.

Mastering the Art of Drawing : A Complete Step-by-Step ...

If you're struggling with perspective, draw a lot. More precisely, sketch a lot. Much of what's needed to understand perspective can be accomplished in a quick sketch rather than a fully rendered drawing. Making 100 sketches in 1 hour is more beneficial than one finished drawing in the same amount of time.
